a. Agree with the definition of Proprietary as set forth on Page 1, Paragraph 3b.

PD

Issue 10

Issue 10 - The reference to Section 413(a)(2) should read 413(g)(2). In this regard, as we have stated previously, we feel that the word "service" should be defined. It could pertain to an intelligence or operational need or to an administrative or logistical function.

Issue 13

Question 13

: We believe the CIA should be charged with support of ODNI. The phrase "and other administrative support" should be clarified. Perhaps "and all other administrative support" would be better wording. The intent should be to provide all other services necessary, i.e., security personnel, commo, logistics (including space, services, procurement, supply, printing, real estate and rental, contracting, construction, alteration, utilities, and architectural support), training, medical, data processing, and finance activities.

Issue 16

b. Have no objection to the new subsection as set forth on Page 5, Paragraph 16.

PD

Issue 16 - We concur that the paragraph contained in 1-812 should be included at the end of Section 413.

SD

Question 16

: We agree with the proposed wording for a new subsection at the end of Section 413 except that "administrative and technical" should be defined (see Question 13 above).

Issue 18

Question 18

: There is no Section 412(a)(6).
Apparently the reference is to Section 421(a)(6); we agree with the additional wording "employees; contractors; and employees of contractors."

RECD

Issue 19

Issue 19 - We recommend that the following be added to Section 421(a)(8): "Develop and manage a supply system to support [redacted]

SD

[redacted] operations. Implicit in this authorization is the authority to acquire materiel through other U.S. Government agencies and commercial sources; maintain domestic supply depots; maintain, test, and store ordnance materiel; establish property accountability systems; and to transport materiel through its own and other U.S. Government and commercial resources."

STAT

Question 19

: We believe "administrative services should be added, i.e., . . . legal legislative and administrative services." Again, intent should be to provide all other services necessary and not specifically provided for in other references (refer to Question 13 for listing).

RECD

Attached has been reviewed and it is felt that all the questions raised are valid. In regard to item 19, it is recommended that the term "administrative services" be inserted in Section 412(a)(8). This covers a broad spectrum of services and eliminates the necessity of listing each service separately and perhaps omitting one.

Issue 21

Question 21

: We agree with the wording of proposed new subsection 421(a)(18) re the Agency having authority to dispose of property and use the proceeds therefrom to purchase new property. RECD

Issue 21 - We agree that a new subsection is needed but suggest the following wording: "Dispose of property and use the proceeds therefrom to purchase new property notwithstanding the provisions of [cite relevant law] and to release excess property on a nonreimbursable basis to a foreign government when the Director deems such actions necessary to the successful performance of the functions of the Agency or to protect the security of Agency activities." SD

c. Agree with the new subsection as indicated on Page 6, Paragraph 21b. PD

Issue 24

Issue 24 - We agree with the rewording of 24b but suggest it should be extended to include the transportation and utilization of firearms for authorized training. In addition, we are unaware of the firearms proposal submitted to the Office of Management and Budget as cited in 24e. SD

Issue 26

Question 26

: As it pertains to RECD, we believe Section 422 of the Bill contains the procurement authority currently provided under Sections 3 and 8 of the CIA Act of 1949, as amended. RECD

Issue 26 - The procurement authority provided in Section 422 is sufficient to cover our procurement activities. Under Section 422(a), we recommend that the wording of the first sentence, lines 19 - 22, be reworded to state: "The Agency is authorized to procure such property, supplies, services, equipment, and facilities from commercial sources and other Governmental agencies as may be necessary to carry out its functions under this act." SD

d. Yes to Paragraph 26, Page 7. PD

Issue 27

Issue 27 - It is felt that the provisions of Section 139 will hamper our procurement activities if ad hoc approvals must be obtained in each instance when it is decided that the Agency interest will not be disclosed. However, until specific procedures are approved by the Attorney General, we cannot determine the impact of this issue.

SD

e. No to Paragraph 27,
